OUR CENTRES...

are welcoming places – not just offices

home-like environments – for lunch,
meetings, programs and events – for
meeting chaplains and fellow students

for building relationships and getting involved
in a variety of ways

quiet places for study or
conversation – to noisy
hectic places for social
gatherings and events.

Mostly, welcoming places –
the best way to get to
know us, to find out if
Chaplaincy can help make
your Concordia years fuller
ones is to drop by.

Campus Ministry is...

An Ecumenical Ministry made up of chaplains from different traditions responding to the needs of the entire community. While we at times work within the context of our own religious affiliations, we also work together to raise questions and issues which unite our particular faith perspectives and hopefully strike at the heart of what it means to be human.

A Multi-faith Ministry. We believe that the search for truth is at the heart of the major world religions. We believe that we can only profit through an honest exchange with all our fellow seekers after truth. The University is an ideal place for this exchange.

A Prophetic Challenge in the search for truth, for meaning and for courage to act justly in our lives. We want to share this search with you.

A Holistic Approach to Education.

University is a time of growth, change and decision-making. We want to help make the University experience a full and whole one. We invite you to join us in activities designed to help us in the process of addressing questions of faith, God and human freedom, as well as issues of peace, justice, political and social action. Our years here together can be an opportunity to search for the deeper meanings and purpose in our lives.

A Prayer for the New Year

Dear God, we give thanks for places of simplicity and peace. Let us find such a place within ourselves. We give thanks for places of refuge and beauty. Let us find such a place within ourselves. We give thanks for places of nature's truth and freedom, of joy, inspiration and renewal, places where creatures may find acceptance and belonging. Let us search for these places: in the world, in ourselves and in others. Let us restore them. Let us strengthen them and protect them, and let us create them.

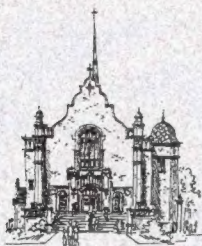

May we mend this outer world according to the truth of our inner life and may our souls be shaped and nourished by nature's eternal wisdom. Amen
